# Alpha PROJECT

BATCH  
N°192

RED BLEND

COLUMBIA VALLEY  
+GROWN+

#### A STORY OF COLLABORATION

Alpha Project is the result of a fruitful collaboration between a well-respected restaurateur and a celebrated vintner who wanted to craft the ultimate food-friendly wine. Together they sipped, conferred and sipped some more until they hit on a wine that would appeal to sophisticated, modern tastes while showcasing traditional varietal character. Alpha Project Red Blend is bold and rich with dark fruit flavors—perfect for elevating any dining experience.

#### WINEMAKING

Alpha Project Red Blend is comprised of Cabernet Sauvignon and Syrah grapes sourced from Columbia Valley, one of Washington's renowned growing regions. The grapes underwent extended maceration to intensify the richness of the juice. A portion of the wine was aged in neutral barrels to soften and concentrate the wine—resulting in an elegantly balanced, bold wine with refined tannin structure.

#### TASTING NOTES

The intense dark blue and purple color of Alpha Project Red Blend is the first hint that your taste buds are in for a treat. The dark hue in the glass is indicative of its black cherry and blackberry aromas. Earthy, savory notes of tobacco, herbs, vanilla and cocoa complement the wine's full mouthfeel. Alpha Project Red Blend has a long and supple finish that gently lingers on the palate—pairing perfectly with barbecue chicken and homemade pizza.

#### APPELLATION

100% Columbia Valley, Washington State

#### VARIETAL INFORMATION

60% Cabernet Sauvignon  
40% Syrah

#### WINE SPECS

Alcohol: 14.1%
